

XLE - Xtra Low Energy class A+

XLE - Xtra Low Energy class

Reliability and a very low energy consumption
Those are the most important features of Elcolds
new XLE range.
The reliability of our freezers has proven itself for
more than forty years and the outstanding economy
is shown by the classification "A+".
In the XLE series , you will find a wide range of
sizes, from 130 litres to almost 450 litres.
Thereby the XLE range covers the need for eco-
nomical and safe storage of food- from the small to
the very big household .
And though they have very compact measures, our
XLE freezers offer a unique amount of space inside.
With Elcold XLE, you have a reliable and environ-
mentally friendly freezer for many years to come.

Reliability and outstanding economy
